Excise Concessions to Consumers

$1973. SHRI SURESH PACHOURI:
SHRI IQBAL SINGH:

Will the Minister of FINANCE be pleased to state:

(a) whether it is a fact that failure on the part of the trade and industry to pass on the customs concessions and excise duties to consumers have been considered by Government;

(b) if so, whether it has also been reported that almost all the industries have not so far passed on their concessions to the consumers;

(c) if so, how many industries have failed to do it; and

(d) what action Government propose to take against them?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI M. V. CHANDRASHEKHAR MURTHY): (a) Yes, Sir.

(b) No, Sir. It is not correct to state that "all the industries have not passed on" the reduction in the rate of duty of excise to their buyers.

(c) The study conducted on the trend of wholesale prices of the commodities affected by the reduction in rate of excise duty, by 1993-94 budget, reveals that for almost all such excisable commodities, most of the manufacturers had initially reduced the wholesale price. Of late, though, for some commodities, such prices have been increased by certain segments of industry.

(d) There is no legal mechanism to enforce reduction in price to the extent of reduction in excise duty. However, dialogue has been initiated with segments of industry, where the wholesale price has shown increase.
